KAKELA

I am just a fragment.
Who knows where this fragment comes from.
What am I ? With this question humans
travel through life.
Why go so many places?
Why tirelessly keep going until death?
Why always look for new people,
new experiences...?
Because I want to know... what I am.
I wanted to understand... very deeply.
Before becoming a fragment,
you and me were one ?
Before becoming a fragment,
sky and me were one ?
Before becoming a fragment,
sea and me were one ?
I put a ladder inside to go in myself
one step at a time.
This is the beginning of butoh.
But I keep on dancing, that means
I meet new people, I have new experience
Even though awakened people said
sit still and look inside.
I really want to meet you,
I want to meet sea, I want to meet sky,
I want to meet light.
...May be I just wanted to know what am I.
But this desire need to meet new people,
new things.
I am a fragment, not perfect, a broken
piece.
I'm a dreamer of life that's why this need
to meet.
Million billion years ago, we were just
one thing...
