“Accumulation of the days is Butoh”

"Butoh is the accumulation of the days we have lived, and it is born from our life experiences." Even now, the words that Kazuo Ohno and Yoshito Ohno spoke this saying at the rehearsal studio remain in my heart.

It is not something that is born from practice in the rehearsal room. What is necessary for practice is how we perceive the life of our daily experiences as our own bodies. Furthermore, it is important to breathe life into the body through practice.

Let's touch the magical time when everyday life transforms into the life of Butoh .

Previous experience in Butoh workshop required, or physical training like dance and theatre. As a general rule, the participants must be able to attend the whole period of 6 days.

- This intensive workshop is for people with experience in Butoh Workshops. In this 6 days workshop, we work on the creation of each participant 15-20 minutes solo and duo Butoh. A. Takenouchi will guide participants how to create solo/duo Butoh on the stage.
- Participants seek the true nature of Butoh, that is to dance, be danced and keep dancing.
